PROFILE SUMMARY

As an aspiring Full Stack Developer fresher, I have a strong foundation in front-end technologies like HTML, CSS, JavaScript, and React, along with back-end skills in Node.js, Express.js, and databases such as MongoDB/MySQL. Skilled in building responsive and scalable web applications with clean, efficient code. Experienced in using Git/GitHub for version control and collaborating in team projects. Quick learner, adaptable to new technologies, and eager to contribute innovative solutions while growing as a professional developer

INTERNSHIP EXPERIENCE   2024 - 2025

The MadBrains Technologies
Full Stack Developer Intern

- Completed a Full Stack Web Development internship with hands-on exposure to both front-end and back-end technologies

- Designed and developed responsive user interfaces using HTML, CSS, JavaScript, React.js, and Tailwind CSS.

- Worked on databases like MySQL for storing and managing application data.

- Built and integrated RESTful APIs with Node.js and Express.js for smooth data communication.

- Implemented authentication and authorization features to enhance application security.

- Followed Agile methodology to complete tasks efficiently within deadlines.

- Gained confidence in handling end-to-end development, from UI design to backend logic and database integration.
